MADE FOR ADVENTURE

SylvanSport was founded in 2004 for one reason: to make outdoor adventure accessible. What started as an idea to create an innovative pop-up camper has evolved into a line of award-winning adventure trailers, outdoor gear, and camping accessories.

 SYLVANSPORT.

"The North Carolina-based company has rocked the RV world with the award-winning VAST, an adventure minded, hard-sided trailer that offers an array of innovative amenities. We've seen VAST in person and trust us, it doesn't disappoint!"

Where adventure meets luxury

VAST marries intelligent function with incredible comfort for a premium retreat experience. From cozy comforts like the plush SylvanSport Cloud Layer full queen mattress, to the cush convertible lux-lounge, VAST delivers an expansive residential-like environment built for relaxing during your adventure.

VAST is different

INNOVATION & VERSATILITY

SylvanSport has a rich history of innovation spanning 20 years designing and building award winning outdoor adventure trailers and gear. In 2008, the SylvanSport 60 re-imagined the pop-up camper. Now, VAST has reinvented the travel trailer.

SUPERIOR DESIGN & ENGINEERING

Every VAST is hyper engineered, creating luxurious residential spaces, integrated living systems with top-notch quality construction. Innovative thermal composite walls, floor and roof compose an incredibly strong, rigid, lightweight and watertight shell, providing rugged durability that is built to last.

QUALITY FOR LONGEVITY

SylvanSport builds adventure trailers for the long haul, in Brevard, NC. Constructed with the highest integrity and the best quality materials and systems, VAST will provide years of dependable adventure.

VAST®

Adventure

Equipped with the largest double-pane acrylic windows in the RV industry, VAST allows full immersion in the outdoors in the best of weather, to fully-cocooned warmth when mother nature doesn't cooperate. On demand hot water and a spa-like bathroom provide resort-level comfort.

LUXURIOUS COMFORT FOR TWO, WITH ROOM FOR MORE

From creature comforts like the plush SylvanSport Cloud Layer full queen mattress to the cush convertible lux-lounge, VAST delivers an expansive residential-like environment built for relaxing during your adventure.

SLEEPS

Connected technology

The technologically advanced VAST thoughtfully integrates complete digital systems with touch-screen controls that can be enjoyed without a master's degree in computer science. With its available 600 watts of on-board solar panels and lithium-ion battery bank, VAST can handle extended periods of disconnected wilderness bliss. Every detail is thoughtfully designed to deliver the best adventure experience imaginable.

Clever versatility

SylvanSport was founded by the best designers in the outdoor industry with a mission to make outdoor adventuring simple, fun, and enjoyable. SylvanSport's award winning designs are revered for their clever versatility and VAST continues this tradition.

Expansive transformation

KITCHEN / SHOWER

The patented Glide-Out™ Kitchen System allows gourmet food prep either inside or outside the cabin with ease. When the kitchen is deployed, it creates a privacy barrier enclosing the under-awning area for an expansive dry outdoor living/gathering space, while also creating a full-size residential bathroom for enviable domestic luxury.

Stay indoors and cook with the kitchen inside

Extend the kitchen outside to reveal the residential, full-size shower

Slide the tambour door closed to section off a full bathroom

VAST®

Smart gear hauling

VAST is the best travel trailer for carrying kayaks, boards, and bikes too. Heavy kayaks or paddle boards can be easily loaded on the VAST with an industry-exclusive side-loading system.

BIKES AND BOATS, BOARDS AND TOTES

With the touch of a button, the primary queen-size bed stows to the ceiling revealing a cavernous gear storage area that will haul bikes and anything else imaginable, easily loaded through the huge rear payload door. A spacious front storage trunk not only handles loads of gear, but it also slides forward to provide easy access to a full-size spare tire, two propane tanks, and a utility tray.

Generous capacity

GEAR CAPACITY

 x 2

 x 2

 x 15

Ultimate comfort

With its premium comfort queen bed and convertible lux-lounge, VAST is perfect for couples, while providing ample space for kids, friends, pets, and gear. VAST is the only RV of its size to offer two queen-size beds delivering a great night's sleep for the whole family.

VAST.

MADE FOR YOU

VAST is crafted sustainably with the highest quality, in the SylvanSport factory (a showplace of design and modern engineering) in Brevard, North Carolina. Every detail in each VAST is thoughtfully considered, tested and delivered to last, supported by acclaimed SylvanSport customer service and a thriving community of owners.

We invite you to learn more and consider the VAST. If you value high quality, award-winning design, superb craftsmanship, and a delightful luxury adventure experience, then we believe there is no better choice than the VAST.

VAST®

Modern travel

Lightweight construction, sturdy and capable chassis and advanced suspension system combine to make VAST a smooth, EV friendly travel trailer.

Aerodynamic design provides little resistance as VAST slips down the road.

VAST

Intentional capability

- Lightweight payload door provides lit coverage when loading and unloading
- Fold away side-mount kayak racks for ergonomic, easy access loading and unloading (not shown)
- Lux-lounge quickly and easily converts into queen size bed
- Cavernous rear cargo area provides convenient and easy load space for bikes, coolers and gear
- The largest double pane thermoformed windows (2) in the industry bring the outside in
- Advanced awning with wind sensor, fully controlled by Firefly touch control system
- Patented, Glide-Out™ kitchen quickly deploys to reveal a full-size residential shower
- Spacious front storage trunk - easy access to spare tire, propane tanks, and utility tray

Wireless, bluetooth control - inside and out

Smartphone app provides complete control of all systems in the palm of your hand

What they're saying

THE MANUAL

"The SylvanSport VAST is a travel trailer designed for active adventure seekers who love the outdoors and all the gear that goes with exploring it. VAST cleverly maximizes gear storage while providing essentials like a bathroom, kitchen, and sleeping quarters"

VAN CLAN

"SylvanSport has worked tirelessly to create this all-terrain camper, and their efforts have not been in vain. SylvanSport has made a family camper that goes back to the roots of what camping is all about... heading out into the wilderness as a team, reading books, and playing games. The kind of quality family time that can really shape you as a person"

NEW ATLAS

"An indoor/outdoor sliding kitchen, lift-away and convertible queen beds and sliding sofa combine to create one of the most effective space-optimizers we've ever seen, a dual-personality trailer ready for adventures of all styles and sizes"

THE DYRT

"The VAST is all about choices, and campers today love choices. People are camping to do a million other things (hiking, climbing, skiing, fishing, boating) and they're often bringing lots of gear with them. The VAST makes that possible, while also offering comfortable space for spending lots of time on the road, at the campground or in the backcountry."

FLOORPLANS: ONE FLOORPLAN, MULTIPLE CONFIGURATIONS

Lounge deployed and pushed forward. Allows for maximum cargo space while traveling along with comfortable, unobstructed seating.
