Canyon Star

No Reservations Necessary

When you choose to stay in the 2022 Canyon Star, you'll be ready to go anywhere and do anything. As the newest member of our diesel lineup, the Canyon Star is loaded with an engine that provides plenty of heft for accelerating uphill and towing just about anything. And with a total of five different floor plans available—including rear bunks and a toy hauler model—it's easy to find a Canyon Star that works for you and your family.

Canyon Star

Hyannis full-paint Masterpiece Finish™

Refined Recreation

The Canyon Star was designed to make your family trips even better. Available exclusively on a Freightliner® MC Chassis, it packs a Cummins "B" diesel engine with 340 horsepower and 700 lb./ft. of torque. With that much power, it's easy to accelerate uphill or to tow a vehicle along with you. It also means, if you choose floor plan 3927, that you can haul your favorite recreational toys around with you, from ATVs to motorcycles. As a matter of fact, it's the only Class A front-engine diesel toy hauler on the market today. Of course, if you've got kids to haul around instead, there's a rear bunk floor plan as well.

Off Road Trip

In the cockpit of the Canyon Star, you'll be ready to take any trail to your destination. Six-way power-adjustable captain's chairs and a passenger seat workstation are there for your comfort, and USB chargers keep your devices full. Rear- and side-view camera systems come standard and give you an eye on your surroundings.

New for 2022 is a 9" Xite dash monitor/radio system that features Nav-N-Go navigation—which uses your coach's dimensions to plan the best route available.

Floor plan 3722 with Hyannis décor and
Newport Glazed Maple cabinetry

Settle In

Relax into the Williamsburg furniture found throughout the cabin of the Canyon Star. Enjoy a Visionary Tri-Fold sofa with memory foam mattress, or several other options including theater seating. They're perfect for watching the Samsung® LED TV with a Bose® soundbar—and there's an additional overhead mounted TV available as well. Choose from two WiFi solutions to stream shows and browse the web. And for a little added ambience, custom wall sconces and luxury vinyl plank flooring are throughout the coach.

Order Off Menu

Inside the Canyon Star's kitchen, you'll find appointments fit for making anything from a gourmet meal to a simple snack. Cabinets are both spacious and stylish and include soft-close drawers and are complemented by polished solid-surface countertops and a stainless steel double-bowl sink—plus the windows which are taller for 2022. Appliances include an optional residential Whirlpool® refrigerator, 30" Whirlpool® convection microwave, and a Suburban Elite Series 3 gas cooktop. An optional dishwasher can be added for cleanup.

Sleep Deeply

Get ready for a good night's rest in the master bedroom of the Canyon Star. A queen- or king-sized pillow top (or optional Sleep Number® adjustable mattress) provides plenty of comfort. Not quite ready to nod off? Watch the Samsung® LED TV across from the foot of the bed, nestled in a large dresser. The KIB panel now includes an "all lights off" function, which lets you turn out all of the coach's lights from the bedroom. A lit wardrobe provides space for clothing or whatever else you're bringing along, and large nightstands make sure you've got any nighttime necessities close at hand.

A Quiet Moment

When you need a moment for yourself, the master bathroom of the Canyon Star is there for you. The bathroom is located in either the rear of the coach or mid-ship, depending on the floor plan. Either way, it contains a spacious shower with an optional fold-down seat, a polished solid-surface vanity, and a linen cabinet. There's also a continuous water heater to keep the hot water coming. In floor plan 3929, which is the rear-bunk model, there's both a rear half-bath and a full mid-ship bath—which is perfect for families traveling together. Here you'll also find a large wardrobe or optional stacked Splendide® washer and dryer.

Get Going

The 2022 Canyon Star offers an entirely unique floor plan: 3927, which is a toy hauler model. As the only front-engine diesel Class A toy hauler available on the market, 3927 includes a 95.5" x 120" garage area off the back of the coach that provides plenty of space to bring along your favorite ATV, motorcycles, or other outdoor toys. It also features diamond tread rubber flooring for easy cleaning, a power screen for the rear cargo door, and a Samsung® 32-inch television, plus more. With optional pedestal table and a removable rug, you can turn the area into additional living space, or even add beds.

Floor Plan 3927 in Timberland full-paint Masterpiece Finish™

Extend Your Stay

The 2022 Canyon Star is designed to make the outdoors as enjoyable as you can imagine. The Carefree Apex dual-stage roof-mounted awning with LED accent lighting sets the mood for the evening. An available outdoor entertainment package includes a Samsung® LED TV and radio, so you can always catch the big game. You can choose to add an optional 8.0 kW Cummins Onan® generator for extra power. Plus, the Newmar exclusive full-paint Masterpiece Finish™ helps the Canyon Star stand out from the crowd.

Lengths, heights, widths, and dry weights are approximate. Weight will vary based on optional equipment added to the above base weight.

GAWR: Gross Axle Weight Rating is the maximum permissible weight for an axle.

GVWR: Gross Vehicle Weight Rating is the maximum permissible weight for a fully loaded motor coach.

GCWR: Gross Combination Weight Rating is the value specified by the manufacturer of the vehicle as the maximum allowable loaded weight of this motor coach and any towed trailer or towed vehicle.

UVW: Unloaded Vehicle Weight is the weight of this motor coach as built at the factory with full fuel, engine oil, and coolants. Does not include cargo, fresh water, propane gas, or dealer-installed accessories.

NCC: Net Carrying Capacity is the maximum weight of all occupants, including the driver, personal belongings, food, fresh water, waste water, propane gas, tools, tongue weight of towed vehicle, dealer-installed accessories, etc., that can be carried by the motor coach.

Specifications supplied by the chassis manufacturer.

The Newmar Customer Experience

The Newmar difference goes beyond our industry-leading motor coaches to provide you with an unrivaled ownership experience.

QUALITY FROM THE START

Every Newmar is crafted one at a time by folks who have spent an average of eight years building them. And each coach we assemble must undergo more than 1,000 tests and checks before ever leaving our factory.

FRIENDS FOR LIFE

Meet fellow owners through the Newmar Kountry Klub, a top social club for RV travelers that hosts rallies and other special events throughout the U.S. and Canada.

CAREFULLY SELECTED DEALERS

We view our dealership network in terms of quality, not quantity. Each of our dealers acts as a partner in our shared mission to exceed your highest of expectations, for an ownership experience that's second to none from day one.

SEAMLESS SERVICE

When you join the Newmar family, we pair you with a dedicated service specialist with expert knowledge of your exact coach. Available 24/7, our service specialists guarantee dealer warranty authorizations within four business hours and ship all in-stock parts the same day, free of charge.

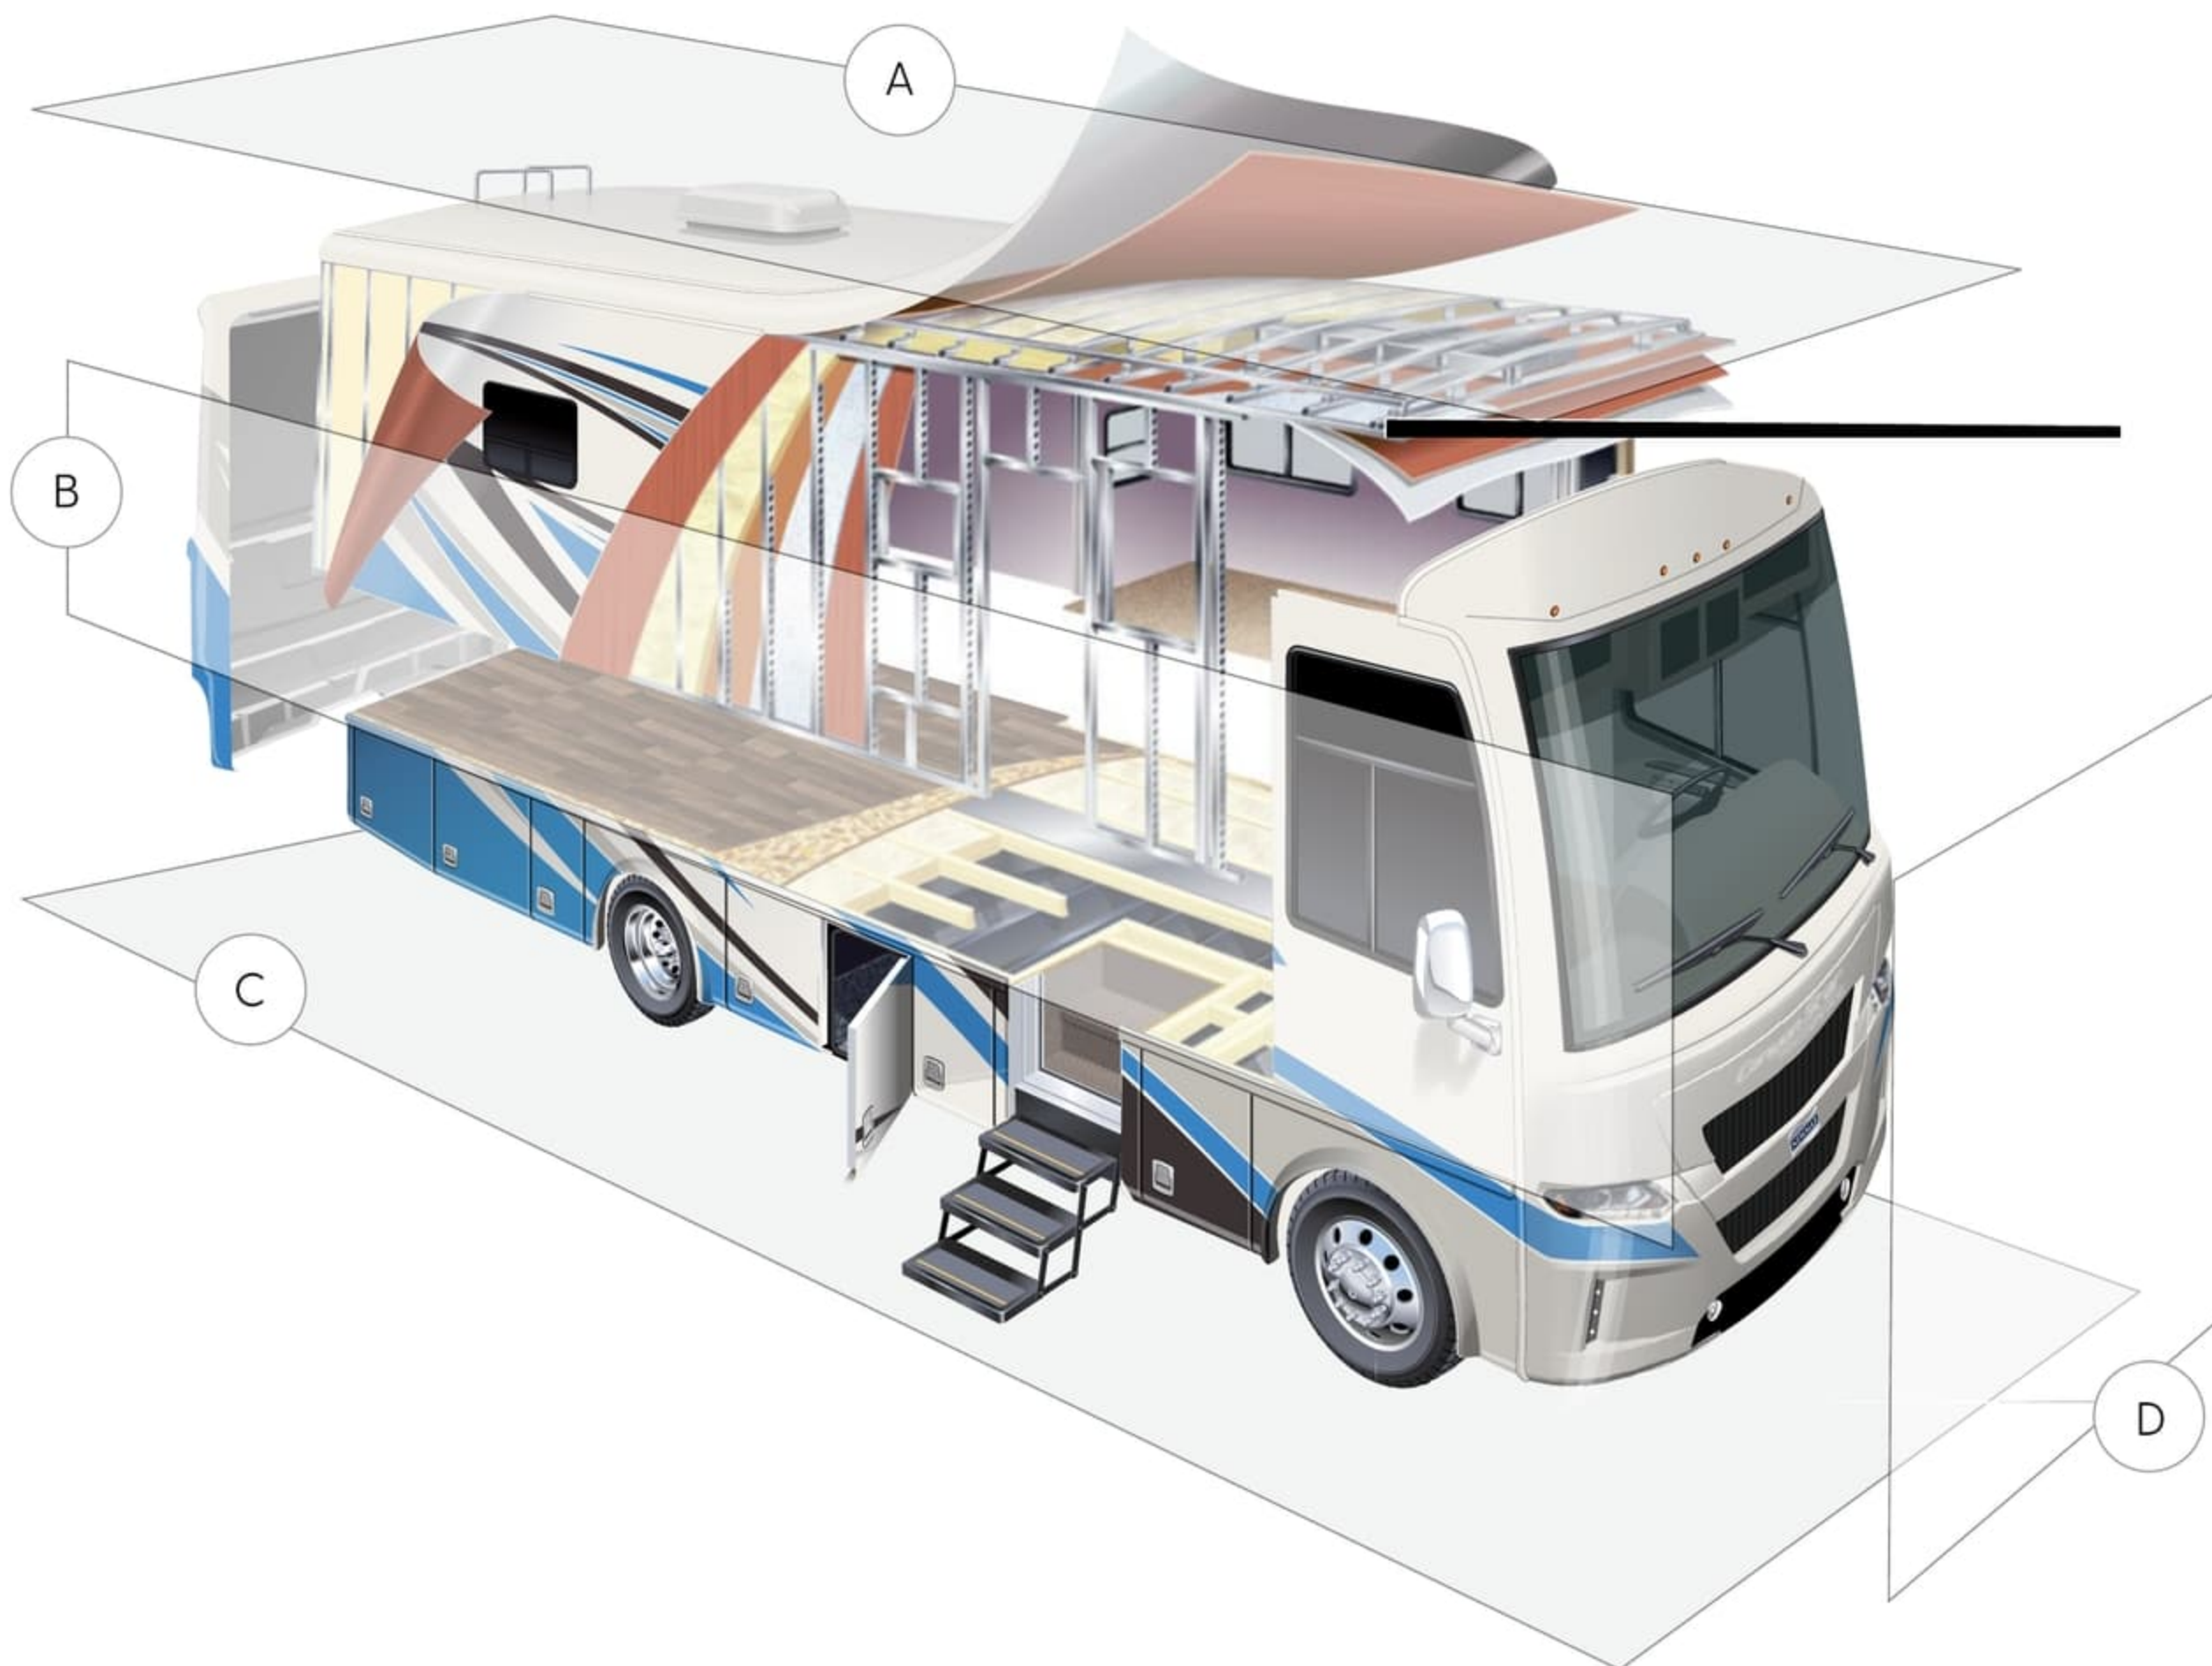

EVERYTHING IN ONE PLACE

As a Newmar owner, you'll find resources specific to your coach through Newgle, an easy-to-use knowledge base that houses everything from user guides to technical support documents.

ROCK-SOLID PROTECTION

All models include a one-year/unlimited mileage limited warranty and a five-year, non-transferable structural warranty that covers your coach's superstructure in the event it fails to perform. Ask your Newmar dealer for more details.
