"We chose the Impact 415 due to it being lightweight and very roomy for my family. The onboard fuel and generator made it ideal for on or off-grid camping. We love the large, 15 ft garage, which is not common in other makes and models. We also took a careful look at the craftsmanship of the RV and were impressed with the quality build. The Impact configuration is also easier to tow with an older truck. We love using our Impact 415."
